Weekly CNA Schedule

Write each person's shift code in the day columns. Add up hours on the right; anything over 40 is overtime.

Facility _____ Unit / hall _____ Week of _____ Scheduler _____

Name	Role	Mon date ____	Tue date ____	Wed date ____	Thu date ____	Fri date ____	Sat date ____	Sun date ____	Hours	Notes

Coverage check scheduled / needed, per shift

Day (7a-3p)	___ / ___	___ / ___	___ / ___	___ / ___	___ / ___	___ / ___	___ / ___
Evening (3p-11p)	___ / ___	___ / ___	___ / ___	___ / ___	___ / ___	___ / ___	___ / ___
Night (11p-7a)	___ / ___	___ / ___	___ / ___	___ / ___	___ / ___	___ / ___	___ / ___

Shift codes **D** Day 7a-3p (8h) **E** Evening 3p-11p (8h) **N** Night 11p-7a (8h) **D12** Day 7a-7p (12h) **N12** Night 7p-7a (12h) **OFF** Day off **PTO** Paid time off **CO** Called out

Call-Out and Open Shift Log

One line per call-out or open shift. Keep it with the schedule so the next scheduler (and payroll) can see what changed.

Facility _____ Unit / hall _____ Week of _____ Scheduler _____

Date	Shift	Who called out	Time called	Reason	Covered by	Time covered	Overtime?	Notes

Before you call around:

1. Check who is under 40 hours this week first (page 1, Hours column), so the cover doesn't turn into overtime.
2. Ask part-time and PRN staff before full-time staff who are already near 40.
3. Write down the time you were told and the time it was covered. Over a month, that gap is your real call-out cost.
